

# We Long To See Our Jesus

Words and Music: Rob Spink and Lucy Mitchell

**Intro:** E | A7 | E | A7

## Verse 1

E            A7  
We long to see our Jesus,  
E            A7            F#maj7/A#  
Honoured as Lord of everything,  
          A            B            E            A  
Every tongue declares him King;  
E            A7  
Then we will bow in wonder,  
E            A7            F#maj7/A#  
Marvelling that this majesty  
          A            B            E  
Bowed his head upon the tree.

## Chorus

          A            E  
On that last great day  
          A            E  
All is stripped away,  
          A            F#m        E  
And we'll see him face to face;  
          A            E  
Overcome with awe,  
          A            E  
We will then adore  
          A            F#/A#    A  
Jesus Christ the one of grace;  
B7                    E  
We long to see his face.

## Verse 2

E            A7  
We long to see our Jesus,  
E            A7            F#maj7/A#  
Standing in glory as the sun,  
          A            B            E            A  
Radiant Christ the holy one;  
E            A7  
Then we will fall in worship,  
E            A7            F#maj7/A#  
Knowing that he, the living Light,  
          A            B            E  
Bore our sins as black as night.

## Verse 3

E            A7  
We long to see our Jesus  
E            A7            F#maj7/A#  
Seated as mighty Judge and Lord,  
          A            B            E            A  
Bearing justice as a sword;  
E            A7  
Then we will gaze in wonder:  
E            A7            F#maj7/A#  
Not in our guilty rags we're dressed,  
          A            B            E  
But in blood-bought righteousness.
